

YEAR 5/6 LEARNING MAP

Finding Freedom: How have people changed our world?

In this unit, children will learn about the actions that individuals have taken to bring about positive change in the world. The children will develop their knowledge on human rights, revolution and uprising.

Literacy

Writing:

Suffragettes - The Battle for Equality

In this unit, the children will be writing formal letters, a newspaper article and concluding by planning their own campaign about something they are passionate about.

Stonewall

While exploring this book, the children will write a visitors guide to Stonewall Inn.

Rainplayer

The children will use this story, alongside their history work, to create an extended piece of writing about The Mayans.

Reading:

Our books for reading this term will include, 'The Little Match Girl Strikes Back' and 'Malala'.

Maths

Throughout the Autumn term, the children will be:

- solidifying their knowledge of place value up to one million
- Using written methods to complete the four operations
- Adding and subtracting fractions
- Finding multiples, factors and primes

Fighting Freedom: How have people changed our world?

STEM subjects

Science - Properties of Materials

In this unit, children will explore the different properties materials have, test how different mixtures might be separated and test reversible and irreversible changes.

Science - Animals Including Humans

Children will describe the changes as humans develop into old age including puberty.

My Happy Mind

This term, the children will be meeting their brain and learning how 'Team HAP' work together to help us regulate our emotions.

RE

As part of RE, children will be asking the question, 'is there a soul?' and looking at the best way for Christians to show commitment to God.

Humanities

History

For history, the children will be learning about the Mayans including their culture, religion and their inventions. As part of this unit, children will be making a Mayan city with all the necessary buildings and monuments.

Geography

In this unit, we will be looking at where some of the major cities and countries are in the world, how to identify different biomes and what the physical characteristics are of Europe and North and South America.

The Arts

Art and Design and Design Technology

Children will be creating a landscape in the style of Hundertwasser and a print in the style of Andy Warhol. The children will have a design and technology project at the end of the half term.

Music

The children will receive specialist music provision this half term and will continue applying their learning to playing the ukelele.

French

Children will be recalling key learning from last year and communicating on a wider range of topics and themes.
